Aboard Norwegian Spirit

Sailing May 14 - September 24, 2006

We are pleased that you are sailing with Norwegian Cruise Line. Join us as we sail to explore ports rich in history and culture, and venture beyond to some exotic, less traveled destinations. This document describes some of the optional excursions available in each port of call. To help you plan ahead, we've included detailed information about tours organized on your behalf. NCL's organized Shore Excursion program offers you the opportunity to sample the colorful culture and see the most dramatic scenery in each port of call. Pre-arranged sightseeing saves valuable time in port and helps ensure you receive the best services available.

WHAT TO KNOW BEFORE YOU GO

Why should I book an organized Shore Excursion?

There are a number of advantages to booking a Shore Excursion organized by NCL, including:

Satisfaction

We carefully monitor Shore Excursion programs to ensure we are offering the best tours available and meeting the diverse needs and interests of our guests. We use only reputable and licensed independent tour operators.

Convenience

Our organized tours maximize your time ashore and eliminate the need for time-consuming, last minute arrangements in port.

Service

We have a professional and knowledgeable Shore Excursion staff onboard, available to help you expertly plan your time ashore.

Safety

We have developed Shore Excursion programs with primary consideration for your safety and security.

Value

We review our tours continuously to ensure they are of the highest quality and that prices remain competitive.

How does the Shore Excursion program work?

Shore Excursions may be reserved in advance. A request form is provided to go with this document so that you may finalize your plans well in advance of your cruise. This form must be received by NCL no later than two weeks prior to your sailing date. Do not send payment! Orders will be processed and billed to your onboard account. Shore Excursions are also available for purchase on board. Early in the cruise, the Shore Excursion Manager will present the most up-to-date information on ports and tours. Pick up a Shore Excursion order form at the Shore Excursion Desk. Return the completed form to the Shore Excursion Desk or Drop Box as soon as possible since all requests are processed on a first-come, first-served basis. Purchases will be billed to your onboard account. Tickets will be delivered to your stateroom.

Are there any restrictions?

An adult must accompany participants under the age of 18 on all tours. There is no charge for children under the age of 2 who do not occupy a separate seat on a motorcoach tour. Some tours have additional restrictions implemented for your safety. These may include age, weight, height and/or medical history related restrictions. Please refer to the individual tour description for any restrictions or consult with the onboard Shore Excursion staff.

Should I tip the guide/driver?

Tipping is strictly optional; however, most tour guides and drivers expect and appreciate a modest gratuity. If food and/or beverages are not included as a part of your tour, an additional gratuity for these services is appropriate.

What type of clothing should I wear?

We suggest you wear comfortable walking shoes or sneakers and dress in light colored, loose fitting clothing. All tours operate rain or shine! Do not forget your camera and plenty of film!

Please refer to the individual tour description for any additional restrictions or consult with the onboard Shore Excursion staff.

Will we miss meals?

With Freestyle Cruising, you don't have to worry about missing a meal. Dining rooms offer open seating.

What if we miss the ship?

NCL does not leave port until all organized tours have returned to the ship. If you leave an organized tour however, or make tour arrangements on your own, please keep the time in mind and return to the ship at least 30 minutes before sailing.

What if I have made my own flight arrangements - will I be able to purchase airport transfers?

Prior to your cruise, transfers may be purchased through NCL by calling reservations at 1.800.327.7030, or on board during your cruise at the Shore Excursion Desk.

NCL reserves the right to change Shore Excursion prices and itineraries without notice. Excursions are subject to cancellation or modification depending on the number of guests participating. NCL reserves the right to cancel a Shore Excursion for any reason, including inclement weather, and shall not be liable for any loss to participants. Participants holding tickets for canceled Shore Excursions will receive a full refund. Should it be necessary to abandon a Shore Excursion due to difficulties en route, NCL will arrange the best possible refund for participants according to the circumstances.

All tours cancelled within 24 hours prior to arrival in the port where the tour is scheduled to operate are non-refundable. Insurance

The duties and liabilities of a particular tour operator and the scope and extent of the operator's insurance coverage may vary widely, depending upon the country's laws and customs. Because of this, many travel professionals advise their clients to strongly consider purchasing cancellation insurance and a short-term personal health and accident policy from a reputable insurance company before leaving home.

Personal Possessions

Personal articles including cameras, handbags, umbrellas, etc. are the guest's responsibility. NCL does not assume responsibility or liability for any item, or for personal effects, lost or damaged during any Shore Excursion or activity undertaken on behalf of the guest.

Tour Operators

Tour operators have the right to require any individual to withdraw from a tour at any time if they deem the individual's conduct detrimental to or incompatible with the interests, comfort, well-being or harmony of the group as a whole. Tour operators reserve the right to alter or adjust itineraries to meet local conditions for participant safety and convenience. Neither NCL nor local tour operators can extend financial reimbursement to compensate for a participant's disappointment in the event circumstances beyond the reasonable control of NCL or the tour operator make it impossible to provide services as intended.

Transportation

All tours include round trip transportation. The best available local transportation is utilized in every port of call. However, guests should recognize that quality standards vary considerably throughout the world. Air-conditioned vehicles are not always available. Cars, vans or taxis are often used in ports where coach transport is limited or not available.

Physically Challenged Guests

While NCL strives to make its Shore Excursion program available to all its guests, inherent tour venue limitations and/or tour operator limitations exist that are beyond NCL's control that limit the ability of guests with special needs to participate in certain Shore Excursions. We urge such guests to advise the Shore Excursion department of special needs when pre-booking tours and to further meet with the Shore Excursion staff on board to discuss their special needs as they relate with the unique characteristics of each Shore Excursion. We typically recommend independent transportation for the comfort and convenience of guests with special needs.

Level 1: Tours with this designation involve walking over relatively level terrain. Comfortable shoes are recommended.

Level 2: Tours with this designation can involve a considerable amount of physical activity such as climbing stairs or steep terrain. They are not recommended for guests with walking difficulties. SPIRIT SHORE EXCURSIONS

- NASSAU, BAHAMAS -

An approximately 10 to 15-minute walk is required to board transportation for all Nassau tours.

ARDASTRA ZOO & GARDENS

Approximate Duration: 2 1/2 hours

Level 1

Your tour begins as you drive through the heart of downtown to Fort Fincastle, which was built to protect the harbor from pirates. After leaving the fort, you will be able to walk down the Queen's Staircase, whose 65 or 66 steps - depending on who's counting - were carved in solid limestone in honor of Queen Victoria's reign. Your next stop is Ardastra Gardens, Zoo and Conservation Center, with five-and-a-half acres of lush tropical gardens, home to the largest collection of Bahamian endangered species. You can see the world-famous marching flamingos strut their stuff and feed the beautiful lorry parrots by hand. Your transport from the time of pick-up until drop-off at Ardastra is fully narrated, giving you an inside look at Bahamian culture.

Note: This tour ends at the Straw Market, where you will have the opportunity to shop for unique island gifts and souvenirs.

CITY TOUR & PIRATE MUSEUM

Approximate Duration: 2 1/2 hours

Level 2

Ahoy mates! Your journey back to Nassau's dark pirate past begins at the gangway of your ship, where a pirate will meet you and invite you to climb aboard a minibus for a ride past Rawson Square to Fort Fincastle and the Queen's Staircase on your way to Fort Charlotte. Your certified guide will explain why fearsome rogues like Blackbeard and Long Ben Avery came to Nassau. The last leg of your journey will take you to Pirates of Nassau, called the best pirate attraction in the world. Discover a three-quarter-length replica pirate ship depicting a Caribbean dockside of the period. Walk through and experience life at sea as it really was on a pirate ship. Come face to face with the women pirates Ann Bonny and Mary Read. A short stroll on your own via Bay Street will take you back to your ship.

Note: This tour ends at the Pirate Museum on Bay Street in the shopping district, within walking distance of the Straw Market. Should you choose to enter Fort Charlotte, you will be required to pay a fee (\$5.00 for adults, \$3.00 for seniors and \$2.00 for children below 14 years of age) before you are given a tour by a Government certified guide. This fee is not included in your tour price.

SEE & SEA

Approximate Duration: 2 1/2 hours

Level 2

This tour combines the Seaworld Explorer tour with a one-hour city tour of Nassau. Take a scenic boat cruise past downtown Nassau and famous Paradise Island aboard a custom-built transfer boat. Arriving at the Sea Gardens Marine Park at Athol Island, board the Seaworld Explorer, a modern underwater viewing vessel from which you will have the chance to see a 70-year-old shipwreck and dozens of species of tropical fish like yellowtail snapper, sergeant majors, parrotfish and queen angel fish swimming in a delicate colony of coral thousands of years in the making. After exploring this underwater world, you will board a minibus for an introductory tour of Nassau. Travel to historic Bay Street in downtown and Rawson Square - the traditional center of the Bahamian Government. Here you will learn about picturesque pastel buildings, erected in the early 1800s, which include the House of Parliament, the old Colonial Secretary's Office, and the Supreme Court. Your next stop will be Fort Charlotte, built in 1788 and complete with a moat, open battlements and dungeons. Other short stops will include Fort Fincastle and the Queen's Staircase. Drive past the Governor's Mansion and see the impressive statue of Christopher Columbus.

Note: Sequence of stops on land may vary due to traffic conditions on the day of the tour.

SEAWORLD EXPLORER

Approximate Duration: 1 1/2 hours

Level 2

This sightseeing tour highlights the panoramic views of Nassau and Paradise Island with a cruise aboard Seaworld Explorer, a semi-submarine that makes a fascinating underwater tour of Sea Gardens Marine Park. Transfer by boat from the dock in Nassau for an approximately 20-minute scenic ride through the waterway that divides the two famous sections of New Providence Island. Take in the sights of Nassau and Paradise Island, with its famous resorts surrounded by multi-million dollar homes of the rich and famous and marinas boasting opulent yachts. Arriving at the underwater marine park at Athol Island, transfer to the Seaworld Explorer underwater viewing vessel. Described as a state-of-the-art glass-bottom boat, this moving underwater observatory offers a cruise while you are seated five feet below the surface of the water in air-conditioned comfort with a view through clear glass windows. The waters around the island are known as the Sea Gardens, and are filled with shipwrecks and dozens of tropical fish, like yellowtail snapper, sergeant majors, parrotfish, and queen angelfish. Observe, first-hand, a delicate colony of coral thousands of years in the making, including seafans, elkhorn, and staghorn coral - even brain coral. Then, get your cameras ready for the frantic fish feeding session. One and a half hours after you set out, you'll be back at the dock, with plenty of time left for shopping or more sightseeing.

PEARL ISLAND TREASURE HUNT

Approximate Duration: 4 hours

Meal, Age

Come to this exciting snorkeling trip at Pearl Island, the only guided snorkeling activity in the Caribbean where you can find oysters with a pearl inside or the Bahamian conch shell. Take this treasure home after your guide has carefully opened the oyster and checked if you have a pearl inside. He'll clean it for you and place it in a little pouch with "Pearl Island" inscribed on it. If you are not that lucky, you'll still have the chance to find the big shell called Bahamian conch. Your tour guide will show you how fishermen take the meat out and the chef will prepare for you a sampling of the famous Bahamian conch salad. While you take pictures, relax on the beach or go souvenir hunting, your conch shell will be cleaned for you to take home. Enjoy unlimited soft drinks or the Pearl Island special, eat from the buffet, take a dip in one of several salt-water pools, watch the curly tail lizards at play or toss a coin into the wish well.

Note: Participants must be at least 8 years of age. There is approximately 1/2-mile of walking required. Bring your swimsuit and a towel.

DOLPHIN ENCOUNTER

Approximate Duration: 3 1/2 hours

Level 1, Age

Enjoy this opportunity to learn about, meet and interact with the most beloved mammal in the ocean - the bottlenose dolphin. The smiling face, friendly nature and legendary intelligence of these animals account for their huge popularity. The goal of the program is to foster a greater respect for dolphins and marine mammals, as well as the environment. You will be transferred to and from Blue Lagoon Island by boat from the pier (30 minutes each way). This lagoon is home to 16 bottlenose dolphins. Upon arrival, you will be met by the dolphin trainers for a 10-minute educational briefing before your encounter with these graceful mammals. You will be helped onto a floating platform in small groups for the greatest highlight - the opportunity to touch and interact with these animals in waist-deep water.

Note: Participants must be at least 4 years of age and accompanied by a participating adult if under 18 years of age. Actual in-water encounter time is approximately 20 minutes. Approximately 1/2 to 1 mile of walking on the pier is required. Wear your swimsuit and bring a towel from your ship. Space is very limited so please book early.

HARTLEY'S UNDERSEA WALK

Approximate Duration: 3 1/2 hours

Level 2, Age

Grab your swimsuit and towel and get ready for an experience of a lifetime, exploring the reefs the way the earliest marine biologists did before Scuba was invented. It is like taking a walk in a botanical garden under the sea - the helmet keeps your head completely dry so you can breathe as you would on land, and you can even wear your glasses or contact lenses. It is the safest way to dive for all ages, and great for non-swimmers (swimming is not permitted, as it scares the fish). You'll enjoy a guided tour through the undersea reef formations, barefoot on the soft sand in 12-to 15-foot deep water. Walking under the sea in an octopus garden is something you will not want to miss!

Note: Participants must be at least 5 years of age and must have the ability to kneel down and be able to climb up and down a 12-foot underwater ladder to the sandy ocean floor. This tour is not recommended for guests with physical disabilities or claustrophobia. Wear your swimsuit and bring a towel. Underwater pictures will be available at an additional charge. Space is very limited so please book early.
